

## XVII Olinca Model United Nations 2020

### Welcome Letter

Dear Delegates and Advisors,

As the Secretary General for OLINMUN 2020, I would like to welcome you to the seventeenth edition of the Olinca Model United Nations. It is my great honor to be working with Ana Paula Orgambide and Diego Alejandro Valencia, our Undersecretaries, as well as with the many devoted members of the Secretariat. Throughout the year we will all work hard to fulfill our dream of making Olinmun 2020 an exceptional and unforgettable experience.

The United Nations was created after World War II, on October 24, 1945, with the goal of maintaining peace and security through international dialogue and negotiation. Understanding complex problems around the globe in order to come up with viable solutions will make all participants feel that an actual UN debate is taking place. I am proud to announce that this year we will be holding a Plenary Session with the DISEC and SOCHUM committees, so that everyone can see how a resolution could in fact legally form part of UN regulations someday, according to the UN charter.

As your Secretariat, we will not forget the essence of OLINMUN, since we will of course also be debating in committees such as the Security Council, UN for Women, UNICEF, World Health Organization, Emerging Crisis Committee, ICJ, ICC and the Human Rights Council. In addition, we will also feature new committees such as DISEC, SOCHUM, IMO, UNOOSA and our committee in Spanish, La Cumbre del Cambio Climático. In this way, we will surely cover vital worldwide concerns regarding security, the environment, politics, economics and international law.

I can assure you that we have put all of our passion and love into this Model. We will not let you down. I am very much looking forward to seeing you at OLINMUN 2020!

Yours Sincerely,

Santiago Gómez Barragán  
Secretary General, OLINMUN 2020
